NO DANGER OF WAR.

The Russian-British Disputes Over North Sea Affair Settled.

London, Oct. 29.—All danger of war between Russia and Great Britain has been averted and the settlement of the only points in dispute regarding the attack by the Russian second Pacific squadron on British trawlers October 21 has been referred to international commission under the Hague convention.

Premier Balfour, speaking at a meeting of the National Union Conservative clubs at Southampton Friday night, broke that alliance which had been so long preserved and had brought the people of the United Kingdom to a condition of almost desperate irritation and given rise to misconceptions which Mr. Balfour Friday night himself exposed. "The Russian ambassador," said Mr. Balfour, "has authorized a statement to the following effect: That the Russian government, on hearing of the North Sea incident, at once expressed its profound regret and also promised most liberal compensation. The government has ordered the detention at Vigo of that part of the fleet which was concerned in the incident, in order that the naval authorities might ascertain what officers and any material witnesses would not proceed on the voyage to the far east; that inquiry would be instituted into the facts by an international commission as provided by The Hague convention. That, Mr. Balfour interpolated, had nothing to do with arbitration; it was the constitution of an international commission in order to find out the facts and any person found guilty would be tried and punished adequately. The Russian government undertook that precautions would be taken to guard against recurrence of such incidents. Special instructions on this subject would be issued."

St. Petersburg, Oct. 28.—The naval general staff publishes the following dispatch from Vice Adm. Rojestvensky: "The North Sea incident was caused by two torpedo boats advancing to attack without lights under cover of darkness, against the vessel leading the detachment. When the detachment turned on its searchlights and opened fire, the presence of several small steamboats resembling steam fishing boats was discovered. The detachment endeavored to spare these and ceased firing as soon as the torpedo boats were out of sight."

ARCHBISHOP ELDER DEAD.

The Last Words Uttered By the Venerable Prelate Was a Prayer.

Cincinnati, Nov. 1.—William Henry Elder, the senior archbishop of the Catholic church in America, is dead. The great prelate of the Cincinnati diocese, after three days' struggle with death, has given up the hopeless fight. The venerable prelate breathed his last at 11:53 o'clock Monday night.

Shortly afterward the chiming in the cathedral carried the sad news to the thousands that have prayed that the archbishop's life might be spared. The last words uttered by the eminent churchman was a prayer, which he repeated in tones almost inaudible to the little group kneeling at the bedside.

PAUL KRUGER'S REMAINS.

Removed From the Cemetery For Transfer to South Africa.

Rotterdam, Nov. 1.—The body of former President Kruger, of the Transvaal republic, which was removed from the cemetery at The Hague Monday morning for transfer to South Africa, reached Rotterdam in the afternoon. A great concourse of people followed the body from the railroad station to the steamer Batavier, where it was placed in a mortuary chapel.

London, Oct. 31.—Sir Thomas Lipton, in visiting the cruiser Olympia of the United States European squadron Sunday, to thank the crew for the loving cup which they presented to him Saturday, said he received many trophies, but among them all this cup would occupy a prominent position; but he added, significantly, there is one spot which he is keeping vacant.

HE COULD HARDLY GET UP.

H. Duffy, of Ashley, Ill., writes: "It is to certify that I have taken a bottle of Foley's Kidney Cure and it has helped me more than any other medicine. I tried many advertised remedies, but none of them gave me any relief. My druggist recommended Foley's Kidney Cure and it cured me. Before commencing the I was in such a shape that I could hardly get up when once down."

SOUTH OF MUKDEN.

Everything Indicates That Both Armies Are Ready For a Resumption of Hostilities.

THE JAPS LARGELY REINFORCED.

Second Battle on the Shakhe River Will Prove Bigger and More Serious Than the First.

On Night of October 30 Japanese Attacked the Russian Entrenchments East of Sincinpu, But Were Repulsed.

Che Foo, Oct. 31.—The third general attack on Port Arthur began October 24, according to unimpeachable authority, and on October 26 Japanese shells set fire to the only smokeless powder magazine in Port Arthur. Portions of the town caught fire, the conflagration continuing the whole day. On October 26 the Japanese captured the Russian trenches on the slope of Riplung mountain, also a fortified position, protecting that fortress. The Japanese consider the progress of the siege to be highly satisfactory.

St. Petersburg, Nov. 1.—Everything indicates that both the Japanese and Russian armies south of Mukden are ready for a resumption of hostilities. If indeed fighting has not already begun, Gen. Kuropatkin reports that the Japanese have received reinforcements from the south and Feng Wang Chang. Their concentration seems to have been accomplished and they are ready to resume the offensive both east and west of the railroad. There is no official estimate of the strength of the Japanese reinforcements, but correspondents place it at from 40,000 to 60,000. It is believed that the Japanese force has been very largely augmented both from Port Arthur, where an engineering siege has been begun, and from Japan, from whence it is said every available man is drafted.

It seems to be assured that the Japanese will be able to meet Gen. Kuropatkin on almost if not quite an equal numerical footing. The mere fact that they are again threatening a double flanking movement indicates Field Marshal Kuropatkin's confidence in the efficiency of the force at his disposal. It is believed here that the second battle on the Shakhe river will prove to be as much bigger and more serious than the first, as the first was more serious than the battle of Liaoyang. Gen. Kuropatkin is confronted by an exceedingly difficult problem. He is pitted against a Japanese force stronger even despite its recent losses than that first opposing his south advance. If Kuropatkin now succeeds in checking or even breaking the Japanese formation it will open large possibilities for the brief remainder of the present year's campaign. On the other hand, a Russian reverse would render the position exceedingly critical.

Dispatches indicate the resumption of fighting on both extremities of the Russian front. The night of October 30 the Japanese attacked the Russian entrenchments east of Sincinpu, but were repulsed though the bombardment continued throughout the night. A Japanese advance has also begun against the Russian positions at Tung-an, a mile and a half north of Sincinpu, where they encountered a heavy Russian fire.

Vigo, Spain, Oct. 31.—Inquiries here fail to obtain the slightest confirmation of the report published in the United States that Vice Adm. Rojestvensky has requested Emperor Nicholas to relieve him of his command.

OFF FOR THE PHILIPPINES.

The 21st Infantry Will Probably Sail in About Two Weeks.

Minneapolis, Nov. 1.—The 21st Infantry marched out of Fort Snelling Monday afternoon to the tune of "The Girl I Left Behind Me" and started on their journey to the Philippines. Other companies from Fort Snelling, Mont., and Fort Lincoln, N. D., will arrive in San Francisco about the same time as the Fort Snelling companies, which probably will be Friday or Saturday. Two weeks later the regiments sail for the Philippines.

Japanese Minister Seriously Ill.

New York, Oct. 31.—An operation for appendicitis was performed on Japanese Minister Kogoro Takahira in a hotel in this city Sunday. The case is said to be a serious one, and attaches of the Japanese legation at Washington have been summoned to the minister's bedside.

London, Nov. 1.—The Daily Telegraph correspondent at Tientsin says: "The Chinese government formally declared itself against any further infringements of neutrality in dispatch of supplies to the belligerents."

A POLICEMAN'S TESTIMONY.

JO UNBROUGHT UPON "NASHUA, I. A.," writes: "Last winter I had a bad cold on my lungs and tried at least a half dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two-thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world."

Newport, Ky., Nov. 1.—Florence Moore, of this city, Monday, through Attorneys Platt & Benton, filed a suit in the federal court against the Guenther Bros. Co., of Cincinnati, for \$20,000 damages. By reason of the accident, the plaintiff claims, her buggy was wrecked, and that she has since suffered acute hysteria, owing to the fact that she was soon to become a mother.

WOMEN AS WELL AS MEN ARE MADE MISERABLE BY KIDNEY TROUBLE.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swain's Kidney Cure is realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling how to keep healthy about it. Including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

A SUCCESSFUL TRIP

Knabenshue Made a Second Trial of the Airship California Arrow at St. Louis.

CIRCLED IN EVERY DIRECTION.

After Making Heading Against Moderate Wind He Landed at the Place From Which He Started.

The Daring Aeronaut Remained in the Air 2000 Feet Above the Earth For 26 Minutes—The Machine is Dirigible.

St. Louis, Nov. 1.—After circling in every direction at a height of 2,000 feet above the cascades, in sight of thousands of cheering, enthusiastic spectators on the World's fair grounds, Roy Knabenshue, of Toledo, O., in command of the Baldwin airship, Monday returned to the place from which he had started over the same course that he had come, covering the three miles and a half of the round trip under his own power and demonstrating the claims of the inventor, Capt. Thos. S. Baldwin, of San Francisco, that the "California Arrow" is not only dirigible, but that it can make headway against a moderate breeze.

Knabenshue started from the aeronautic concourse at 3:37 p. m. and returned after his remarkable flight at 4:05 p. m. On the return trip the airship sailed slowly over the exact spot from which it had risen, 26 minutes previously, and glided about 100 feet further west where it settled gracefully to the ground.

The descent of the Arrow was the signal for a demonstration the equal of which has not been seen since the wheels of the World's fair started last April in response to the pressure on a key by President Roosevelt. Dozens of eager hands were upstretched to grasp the frame of the airship and the flying machine, with its daring navigator, were carried around the concourse upon the shoulders of shouting men.

Hats were thrown in the air and when Knabenshue called for three cheers for his home town, they were given with a will and another round followed for Knabenshue and Baldwin.

THE LIGHTWEIGHTS.

Britt Lost the Championship By Foul-ing Gans in Fifth Round.

San Francisco, Nov. 1.—Jimmy Britt, of California, lost the lightweight championship of the world Monday night when he fouled Joe Gans. He had sent Gans to his knees in the fifth round and then losing his head gave him a vicious punch and Referee Graney promptly awarded the decision to Gans on a foul. The same thing had happened in the fourth round. Gans had dropped to his knees to escape a blow that did not land. Britt struck at him but Graney very promptly recognized the foul fighting. It looked almost from the start as if it were Britt's fight. He actually out-boxed Gans and landed blow after blow. In the fourth round it was apparent that Gans was scared and baring his foul fight was Britt's to a certainty.

After the fight when Britt had recovered his temper, he apologized to Graney and said: "What could I do when a man fell every time when it was unnecessary? I am sorry I hit him while on his knees but I could not help it."

HON. J. H. SAUER.

Hon. J. H. Sauer, State Senator from Douglas Co., to the Nebraska Legislature, writes from Frank's Hotel, Omaha, Neb., as follows:

"Having tried Peruna I can commend it to all as a great tonic and particularly good as a remedy for catarrh."

—J. H. SAUER.

Honorable Patrick Kennedy, Member of the Massachusetts Legislature, writes the following letter from the House of Representatives, Boston.

Dear Sir:—I have no hesitation in saying that after having tried dozens of other remedies without relief, I owe my perfect health and clear voice of today to Peruna. I know it to be a sure cure for indigestion and its attendant affliction, nervous debility. For the six weeks that I was on the platform through the recent campaign I used Peruna regularly, and although I spoke two and three times each day my voice never failed me. I know that Peruna is a reliable cure for bronchial troubles."

—P. J. KENNEDY.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Don't fail to go to the polls and vote for Kehoe for Congress, even if you should have no interest further than that.

Every Democrat can help the cause of his party by urging all of his Democratic neighbors to go to the polls next Tuesday.

Those living in incorporated towns must present registration certificates to the officers when offering to vote. Otherwise the right to vote will be denied.

McClure's Magazine for November says of its staff writer, Samuel Hopkins Adams, that his imaginative work is distinctly high class. Those who read his Caleb Powers issue of falsehoods do not doubt the correctness of this statement.

The Republican spell-binders are abroad in Louisa, trying to stir up some enthusiasm for their candidates. The most recent importation is Harry Bailey, of Cincinnati. He came in Tuesday and was received in due form by the faithful and at once inducted into the work.

All Big Sandy counties should send good delegations to Huntington on Nov. 18th, in answer to the call of Col. Northrup, President of the Big Sandy Improvement Association. It would also be well to have as many as possible attend the Ohio Valley Association meeting the two preceding days. It also meets at Huntington.

Judge Parker has been prompt to recognize the invaluable aid Mr. Bryan has given the Democratic ticket, and in the following telegram expresses his appreciation: "To the Hon. William J. Bryan—I wish to thank you for the splendid service you have rendered the Democratic party in Indiana and elsewhere during the present campaign. Alton B. Parker."

It is very important to Big Sandy river improvement that Hon. James N. Kehoe remain in Congress. He has done most effective work on this important matter. It will be remembered that just after his election the first time he rode all through the Big Sandy Valley and inspected the coal veins in order to be able to speak from personal knowledge when fighting for appropriations for our river. This is an example of the thorough and sincere manner in which he serves the people. Very few districts are so fortunate as to be thus represented.

The 10th Annual Convention of the Ohio Valley Improvement Association will be held at Huntington, W. Va., Wednesday, Thursday, and Friday, Nov. 16-17-18. This Association is doing a great work for the improvement of the Ohio river and its tributaries and it is therefore to Big Sandy's interest to keep in touch with it. We hope to see a large number of our people at the meeting.

With New York and Maryland in line and New Jersey, Connecticut, West Virginia, and Indiana, debatable ground who can truthfully say that the Democrats have not more than a fighting chance? The gamblers of Wall Street are betting on Roosevelt the profits they have wrung from the people on watered stocks, but that is an old game and it will not influence a single honest vote.

Whenever Judge Parker has spoken on the issues of this campaign it has taken the entire Republican organization to answer him. His charges have been made with spirit, but with dignity. His exposures of the corrupt practices of the National Committee has awakened the public conscience to an appreciation of the enormity of Roosevelt's offense in putting a member of his Cabinet in position where he could blackmail the corporations. Parker's appearance in New Jersey and Connecticut will put new life into the campaign in those States.

What the Philadelphia Ledger (Ind.) calls "a Republican argument for Parker" appears in the current Atlantic Monthly from the pen of Congressman Samuel W. McCall (Rep.) of Massachusetts. The article purports to be a presentation of the Republican side of the argument in the present campaign; but in the course of the argument Mr. McCall speaks well of Judge Parker's qualifications for the Presidency, belittles the objections to Mr. Davis' age, recalls the Republican party's former friendship for silver, criticizes the McKinley tariff, praises the conduct of President Cleveland, declares that the Dingley tariff must be revised, questions whether the campaign against the trusts has reduced their profits "by a single farthing," suggests that there is a relationship between the trusts and the tariff, argues for Philippine independence, disparages President Roosevelt's military record and deprecates the "bullying" attitude of this country toward our weaker neighbors.

The charge that Chairman Cortelyou, of the Republican National Committee has been blackmailing the trusts for campaign funds has produced a profound sensation all over the country. Many quick denials have been made in inspired statements from Cabinet officers and others close to the President, but the facts are all against them. Cortelyou was Roosevelt's private secretary. He put him at the head of the Department of Commerce, whose special function is the investigation and regulation of the trusts. His next move was to make him Chairman of the National Campaign Committee, although he had never had an hour's experience in practical politics. The purpose is clear. It was a shrewd way to shake the "big stick" without actually committing assault and battery. Of course a poke in the ribs from the President's ex-private secretary with a shillelah was as good as a nod to the criminal trusts. Cortelyou had no need to blackmail them with threats. Being adept in such things they went after their check books, glad to get off so light.

The issues in this campaign are well defined. There is no excuse for any intelligent voter going astray. Here are the cardinal principles of the two parties:

The Republicans stand committed to a policy of imperialism, which means a large army, the acquirement and retention of colonies in the Philippines, and elsewhere, and a consequent interference in the affairs of other nations, inciting jealousies and inviting disaster.

The Democrats favor freedom for the Philippines; a decrease in the military establishment; peace with the world, and a careful avoidance of territorial aggrandizement, which can only lead to international complications.

The Republicans are unalterably committed to a protective tariff which robs the many to enrich the few, and which has built up great private fortunes at the expense of the masses of the people.

The Democrats believe in a tariff for revenue only, adjusted to the needs of an economical administration of public affairs. The Republicans, having fostered the trusts which defy the law, have named as the chairman of their campaign committee the very man who was sworn to enforce the statute against them. Instead of punishing these criminal destroyers of individual effort Cortelyou, President Roosevelt's own choice, is begging them for contributions to the republican corruption fund, thus reducing official blackmail to a fine art.

The Democrats favor the strict enforcement of the Sherman law, with whatever aid the common law can render in an honest effort to regulate the trusts, which under the control of Morgan and Rockefeller have cornered the business and the money of the country, and will end by foreclosing a mortgage on the government itself.

Republicanism means a strong centralized government, plus the personal equation, represented by the autocratic, impulsive, individuality of T. Roosevelt, who has made a football of the constitution, and has usurped every governmental function belonging to the co-ordinate branches.

Democracy stands for the autonomy of the states guaranteed by the Fed-

eral Constitution, yielding obedience to the courts and to the laws formulated by the Congress, and firm in the belief that the Chief Executive is the servant and not the master of the people.

The Republicans have opened the "door of hope" to the negro in the shape of Federal offices in the white communities of the South, with an occasional lunch with the President to convince the colored man and brother that his vote is all important. They have propagated the destroying germ of social equality which has entered the base minds of the negroes, increasing their insolence and encouraging their hatred of the people of the South, who refuse to give them the recognition Roosevelt granted Booker Washington.

The Democrats are educating the negroes, giving them equal opportunities with their own children, and also bearing every other burden which the presence of this ignorant, depraved race imposes upon them in the South; but they protest against the attempt of the Republican party to incite the negroes to fresh outbreaks of crime, the logical result of their failure to secure from the people of the South the personal affiliation and comradeship which the President bestowed on the leader of their race.

YATESVILLE.

A most serious accident occurred here last Friday morning. That was the burning to death of the little five year old daughter of Mr. and Mrs. Valda Diamond. The mother had packed her clothing and gone to the creek to wash, and as we are informed had left the children, some three or four in number, at the house of her neighbor, James Short, when the fatal accident occurred. Dr. Jay Carter and the good neighbors did all that could be done for the child, but the burns were so deep that little or no aid at all could be gained ignited from the fire in the grate. The bereaved parents have the deepest and most heartfelt sympathy of the entire community.

ONLY MAKES A BAD MATTER WORSE.

Perhaps you had never thought of it but the fact must be apparent to every one that constipation is caused by a lack of water in the system, and the use of drastic cathartics like the old fashioned pills only makes a bad matter worse. Try a 25c bottle of them. For sale by A. M. Hughes.

The American Girl.

WHAT MAKES HER POPULAR.

The American girl is admired and liked at home and abroad because she is the happiest, usually the healthiest and friendliest of girls. She is fond of life and is alive to everything beautiful and good in existence. Mrs. Langtry has said that the American woman has little to learn from her English sisters.

Dr. Pierce, the specialist in women's diseases of Buffalo, N. Y., advises simple exercises for women, preferably in the outdoor air. But many women are confined to the house and their household duties or their business confines them to poorly ventilated rooms. In 98 per cent. of cases the woman suffers from a headache, a backache, a sensation of irritability or twitching and uncontrollable nervousness, something must be wrong with the head or back, she naturally says, but all the time the real trouble very often centers in the womanly organs. In 98 per cent. of cases the seat of the difficulty is here, and a woman should take rational treatment for its cure. The local disorder and inflammation of the delicate sexual organs of the sex should be treated steadily and systematically.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$50 for any case of Leucorrhea, Female Weakness, Protrusion, or Falling of Womb which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

EX-GOV. NASH IS DEAD.

He Expired Suddenly in Bath Room of His Son-in-Law's Home.

Columbus, O., Oct. 29.—Ex-Gov. Geo. Kibben Nash was, shortly before noon, Friday, discovered dead in his bath room.

Before he started to take his bath, he did not seem to be unusually weak and there was no intimation of the sudden end. As is generally known, he has several times been declared near death, but had regained strength and displayed vitality which surprised his doctors. The end was not only sudden, but peaceful, his heart seeming to have suddenly stopped short, painless death ensuing.

The governor was in the bath room at the residence of his son-in-law, Worthington E. Babcock. He was alone at the time and the sound of a heavy fall called several members of the household to the bath room, where he was found on the floor unconscious and to all appearances dead. His physician was sent for but life was extinct when he arrived.

The ex-governor had been in precarious health since the launching of the Ohio, having suffered his first attack in Colorado on his return from the coast. After retiring from the executive office he resumed the practice of law, but could do little active work.

In the last four months he had been rarely at his law office. A week ago Thursday he went to the State university to attend a meeting of the board of trustees, of which he was a member. That was the last active work he did. While both the patient and his family knew that death might come at any time, there was no special reason to expect it, and the death seemed no worse than usual during the forenoon.

EXPLOSION IN A MINE.

Between 30 and 60 Miners' Lives Were Lost in Colorado.

Trinidad, Col., Oct. 29.—A terrific explosion occurred at Mine No. 3 of the Rocky Mountain Fuel and Iron Co. at Terolo, 40 miles west of Trinidad, Friday afternoon and the number of dead is variously placed between 30 and 60 men.

The exact number of the dead may never be known, as the mine is burning and in all likelihood the bodies will be cremated.

The mine was opened only a year ago and extended 2,000 feet into the hill. The explosion is supposed to have been caused by dust. But one body has been recovered, that of T. Duran, a driver, who was just entering the tunnel when the explosion occurred. He was torn and burned all beyond recognition. All mines within a radius of 20 miles have been shut down and the miners are on the way to assist in reaching the bodies.

As soon as it was put in place the statue was unveiled until the ceremonies on November 19, when it will be unveiled by the German ambassador, the Baron Speck Sternburg, and will be formally presented by the German ambassador. The elevator contained 370,000 bushels of barley, a large portion of which lies at the bottom of the slip. The loss on the grain and the building is estimated at \$350,000. ULYSSES.

The grim monster death has taken three from our neighborhood since our last letter. One was the infant child of Franklin Chandler and wife; another, an infant child of Monroe Borders and wife. Friends, your home is lonely and your hearts are sad, but be comforted by the words of Jesus who once said that little children are the greatest in the kingdom of Heaven.

Also, Emmazetta, wife of Charley Grim, died a few days ago, leaving a husband and large family of small children, one an infant only a few weeks old. She was a good woman and loved by all who knew her. She was converted when 13 years old, and has lived a consistent member of the United Baptist Church for 20 years.

Born to Anderson Borders and wife a girl, to Mart Borders and wife a girl.

Rev. A. Preston, of Patrick, has been holding a revival at our school house for a week. He is an earnest and able preacher. He has been assisted by other ministers among whom are Rev. J. C. Kasee and Rev. Leander Smith of this place. There have been several conversions, some back-sliders reclaimed, and believers strengthened.

Much interest is manifested by the larger part of the congregations. Jeff Brown and Chas. Preston and families have moved back from W. Va. They formerly lived here and we welcome them back.

The Borders brothers have their new grist mill in operation here. It was badly needed.

Storrs, a drug list at 297 Main street, New Britain, Conn., says: "Kodol Dyspepsia Cure is giving such universal satisfaction and is so surely becoming the positive relief and subsequent cure for this distressing ailment, I feel that I am always sure to satisfy and gratify my customers by recommending it to them. I write this to show how well the remedy is spoken of here." Kodol Dyspepsia Cure was discovered after years of scientific experiments and will positively cure all stomach troubles. FEMALE WEAKNESS

601-1 Congress St. Portland, Maine, Oct. 17, 1903. I consider Wine of Cardui superior to any doctor's medicine I ever used and I know whereof I speak. I suffered for nine months with suppressed menstruation which completely prostrated me. Pains would shoot through my back and sides and I would have blinding headaches. My limbs would swell up and I would feel so weak I could not stand up. I naturally felt discouraged for I seemed to be beyond the help of physicians, but Wine of Cardui came as a God-sent to me. I felt a change for the better within a week. After nineteen days treatment I menstruated without suffering the agonies I usually did and soon became regular and without pain. Wine of Cardui is simply wonderful and I wish that all suffering women knew of its good qualities.
